HEALTHCARE FILMS

FORM-FILL-SEAL PACKAGING

Nylon, Ionomer, Polyethylene Options

Charter Next Generation offers a complete line of flexible materials designed for horizontal thermo-form, fill and seal machines in the medical, pharmaceutical and diagnostic markets.

Our extensive product line of highly engineered, technically advanced forming films provide superior package integrity and product protection.

Our top web materials have been designed to be the perfect complement to CNG's forming films, providing our customers the complete package.

All this offered from the leading independent supplier of flexible films in North America.

Industry Leading Tech:

- ISO Class 7 Cleanroom
- State-of-the-art coextrusion assets
- Inside the blown film bubble, air is controlled to a higher filtration level
- Equipped with a vision system, web-cleaning system, and in-line slitting
- Superior gauge control and lay flat film properties

Best-In-Class Resources

- Experienced healthcare team with extensive industry knowledge
- Expertise in designing best-in-class films for healthcare applications
- Highly engineered performance resins to ensure excellent formability of all offerings
- World-class resources to support field trials
- Leading portfolio of sustainable films

Forming Films

GreenArrowRx™

Sustainable Forming Webs

Specially engineered formulation designed to be environmentally friendly, while providing excellent formability, toughness and durability

All-PE coex forming web

IONOMER

Ionomer-Based Forming Webs

Ionomers provide excellent deep draw capabilities and exceptional machine formability

EVA/Ionomer/EVA forming web

NYLON

Multi-Layer Nylon Forming Webs

Nylon provides exceptional toughness, durability, and puncture resistance

PE/Nylon/PE multi-layer coex
Nylon/PE multi-layer coex

Non-Forming Top Webs

Peelable HDPE Coex Film

- Clean, controlled, easy-open peel
- High stiffness, excellent moisture barrier
- Broad Seal Range

Peelable Nylon-Based Coex Film

- Excellent puncture and abrasion resistance
- Wide sealing range

GreenArrowRx™

Award winning family of Sustainable Films

CNG Non-Forming Top Webs available in White/Matte finish
