CHEESE PACKAGING

# INSTITUTIONAL BULK SHRED

Charter Next Generation has leveraged our 11-layer extrusion capabilities to produce an outstanding institutional bulk shred film to service the growing product platform. Our portfolio is streamlined to minimize the number of specs a customer would need to carry to manage their business. The film design includes a proprietary sealant formulation that is produced on state-of-the-art extrusion equipment. With this equipment we can provide a tight tolerance on film thickness to create a film that will run effortlessly on your VFFS packaging lines. Furthermore, the softness of the material decreases the frequency of box cuts, abrasions, and pinholes.

## Features and Benefits

- Strong sealant with wide sealing temperature window
- Economic advantage over laminated materials
- Excellent hot tack
- Exceptional clarity
- Designed to seal through dust & contamination
- Outstanding barrier (oxygen & moisture) to maintain product quality
- Excellent abuse and flex-crack resistance
- Good stiffness to maintain efficiency on the VFFS equipment
- Consistent COF property
- Blue tint available
- Sustainable options available

## Target Applications

- 5# Bulk Shred Cheese

# PRODUCT SPECIFICATIONS

Product Code	Description	Gauge (Mil)	Yield @ 1 mil	OTR Barrier
<b>RY100OBT-CHZ</b>	<b>Nylon/EVOH/mPE</b>	<b>3.0</b>	<b>27,936</b>	<b>High</b>
<b>RY402OBT-CHZ (Blue)</b>	<b>Nylon/EVOH/mPE</b>	<b>3.0</b>	<b>27,936</b>	<b>High</b>
<b>RM100OBT-CHZ</b>	<b>Nylon/mPE</b>	<b>3.0</b>	<b>28,895</b>	<b>Medium</b>
<b>RM402OBT-CHZ (Blue)</b>	<b>Nylon/mPE</b>	<b>3.0</b>	<b>28,895</b>	<b>Medium</b>

Charter Next Generation is well-positioned from a technical and manufacturing perspective to support the cheese industry. Our portfolio of films is designed to perform on a wide variety of equipment and provide the barrier requirements needed to meet and exceed the product shelf life. These films are produced on new, state-of-the-art machines to produce the highest quality packaging materials. Contact us to learn more.
