CHEESE PACKAGING

INNOVATIVE RETAIL  
SEALANT FILMS

# RETAIL SEALANTS - SHRED, CHUNK, & SLICE CHEESE

Charter Next Generation (CNG) has a complete portfolio of retail sealants for cheese packaging. Whether the application is for retail shred, chunk, or slice cheese, our sealants are designed with robust physical properties to provide the longest possible shelf life. Furthermore, the materials are formulated to maintain a consistent COF for ease of machineability. With our state-of-the-art extrusion equipment and processes, CNG produces film with outstanding quality and gauge control to run efficiently on your equipment.

## Features and Benefits

- Outstanding clarity
- Excellent barrier to maintain freshness
- Strong seals to maintain package integrity
- High flow sealant for chunk/slice applications
- Excellent flex-crack resistance
- Good stiffness for easy processing through packaging equipment
- Consistent COF

## Target Applications

- Retail Shred Cheese
- Retail Chunk Cheese
- Retail Slice Cheese
