LIQUID PACKAGING

# BULK LIQUID PACKAGING

## High Performance Barrier Films for Bulk Liquid Applications

Charter Next Generation (CNG) has developed a complete product line of packaging films for bulk liquid products. The film design provides an excellent barrier to extend the shelf life of the product. In comparison to alternative materials like metal cans, our flexible packaging solutions offer superior space savings throughout the value chain with improved economics. These solutions also carry an enhanced impact to sustainability by reducing waste.

### Features and Benefits

- Excellent seal strength
- Strong drop strength (hydraulic shock)
- Lap seal film
- Wide seal range for machineability
- Outstanding barrier
- Tough, durable, lightweight film in comparison to cans
- Consistent COF

### Target Applications

- Soup
- Sauce
- Liquid Eggs
- Condiments
- Salad Dressing
- Icing & Filling
- Pickles & Peppers
- Aseptic Cheese
